Master's in Science, Drexel University College of Medicine, Philadelphia, PA 2010-2012

B.S. in Biology and Biochemistry, Fordham University, Bronx, NY 2005-2009

Additional Training:

Respect Ambassador September 2021
Fellow Representative, NYP-WCMC

Hemostasis and Thrombosis Research Society (HTRS) Trainee Workshop April 2021
(virtual workshop)

Pediatric ITP Consortium of North America (ICON) December 2020
Pre-American Society of Hematology Conference

(virtual workshop)

Honors and Awards:

Kristen Ann Carr Fund Fellow	2021 – 2022
Margaux Grossman Endowed Scholarship	2021 – 2022
Hemostasis and Thrombosis Research Society Trainee Workshop Designated Case Presenter (virtual symposium)	2021
Memorial Sloan Kettering Cancer Center Nurse’s Choice Award	2020
Drexel University College of Medicine Alpha Omega Alpha Chapter	2016
Drexel University College of Medicine Gold Humanism Honor Society	2016

Memberships:

American Society of Hematology	2019
American Society of Pediatric Hematology/Oncology	2019
Children’s Oncology Group	2019
Pediatric ITP Consortium of North America	2020
Hemostasis and Thrombosis Research Society	2020
American Academy of Pediatrics	2016

Certification and Licensure:

American Academy of Pediatrics, Board Certified	2019
State Medical License, New York	2019

Research:

Romiplostim for Chemotherapy Induced Thrombocytopenia in Pediatric Patients Investigator on single center, phase II trial investigating the use of Romiplostim in pediatric solid tumor patients receiving myelosuppressive chemotherapy. Mentor: Dr, Gerald Soff, Dr. Michael Ortiz Memorial Sloan Kettering Cancer Center, New York, NY.	2020 – present
Effects of Chemotherapy Induced Thrombocytopenia in Pediatric Solid Tumor Population Retrospective chart review examining the incidence and significance of treatment-related thrombocytopenia in pediatric solid tumor populations treated between 2013-2020. Mentor: Michael Ortiz Memorial Sloan Kettering Cancer Center, New York, NY.	2020 – present

Effects of Chemotherapy Induced Thrombocytopenia in Pediatric Hematologic Malignancy Population

Retrospective chart review examining the incidence and significance of treatment-related thrombocytopenia in pediatric hematologic malignancy populations treated between 2013-2020.

Mentor: Kavitha Ramaswamy

Memorial Sloan Kettering Cancer Center, New York, NY.

2021-present

Evaluating the Long-term Use of TPO-RA in Pediatric ITP Population

Multi-institutional retrospective review of long term thrombopoietin receptor agonist use in pediatric ITP patients.

Mentor: Shipra Kaicker

New York Presbyterian Hospital/Weill Cornell Medicine, New York, NY.

2021-present

Publications:

Peer-Reviewed Articles:

Degliuomini, M., Cooley, V., Mauer, E., Gerber, L., Aharya, S., Kucine, N. “Assessment of provider practices regarding venous thromboembolism management and prevention in pediatric acute leukemia patients”. *Journal of Thrombosis and Thrombolysis*. 2021 Jul; 52(1):209-213

Book Chapters:

Degliuomini, M., Ortiz, M. (2022). Pediatric Hepatic and Renal Tumors; in Pocket Oncology Guide; Wolters Kluwer; New York, NY. 3rd edition

Abstract/Presentations:

Esteban, U., Campbell, C., McThenia, S., **Degliuomini, M.**, Khakoo, Y., Pisapia, D., Greenfield, J. Pediatric Post-Mortem Tissue Donation During a Pandemic: A Model of Collaboration”, Abstract accepted at SNO, November 2021

Melanie Degliuomini, Shipra Kaicker. Assessment of Provider Practices Regarding TPO-RA Use Among Pediatric Patients. Oral presentation, ICON pre-ASH meeting, December 2021 (virtual presentation)

Melanie Degliuomini, Victoria Cooley, Elizabeth Mauer, Linda Gerber, Suchitra Acharya, Nicole Kucine. Management of Pulmonary Embolism and Cerebral Venous Sinus Thrombosis in Children with Leukemia. Poster presented at THSNA 2020, October, 2020 (virtual poster)

Melanie Degliuomini, Victoria Cooley, Elizabeth Mauer, Linda Gerber, Suchitra Acharya, Nicole Kucine. Assessment of Provider Practices Regarding Management of VTE in Pediatric Leukemia. Poster presented at ASH 2019, November, 2019, Orlando, FL.

Teaching:

“Einstein Jr-3: Oral Rivaroxaban in Children with Venous Thrombosis”

Conducted journal club for fellows critically appraising results from clinical trial.

Memorial Sloan Kettering Cancer Center, New York, NY 2020

“Inherited Bone Marrow Failure Syndromes”

Case presentation to residents and medical students which discussed differential and pathophysiology of various bone marrow failure syndromes.

New York Presbyterian Hospital/Weill Cornell Medicine, New York, NY 2019

“Case Presentation of Undifferentiated Sarcoma”

Case presentation to pediatric hematology/oncology fellows discussing unusual case presentation as well as a broad differential for small round blue cell tumors.

Memorial Sloan Kettering Cancer Center, New York, NY 2019

“Hematopathology of Red Cell Disorders”

Pathology slide review presentation to hematology/oncology fellows reviewing both intrinsic and extrinsic red cell abnormalities.

Memorial Sloan Kettering Cancer Center, New York, NY 2019

Quality Improvement and Guideline Development:

Quality Improvement Project- Department of Pediatrics

Participated in providing education and resources to optimize pre-medication use for blood product transfusions for pediatric oncology populations.

Memorial Sloan Kettering Cancer Center, New York, NY 2020 - Present

Institutional Activities:

Pediatric Steering Committee: Fellow representative on a multidisciplinary team that reviews, and revises proposed pediatric protocols.

Pediatrics, Memorial Sloan Kettering Cancer Center, New York, NY 2020 - Present

Pediatric Chemotherapy and Pharmacy Practice: Fellow representative on a multidisciplinary team that discusses institutional modifications to chemotherapy protocols.

Pediatrics, Memorial Sloan Kettering Cancer Center, New York, NY 2020 - Present
